Type :	Discussion

Public Content

Meeting will start at 10am at City Hall, then head to Lawrence and National where representatives from Gorman and Studio GWA architects will be on hand.

After the tour Gorman will discuss how to integrate the Riverfront Commission and the community at-large into the process and what roles different partners and the Commission can play in promoting and developing the riverfront.

Gorman and Company have a great track record, as nearby as the Amerock turned Embassy Suites in Rockford, and on a larger scale, the former Pabst campus in Milwaukee.
